

Synopsys delivers the most trusted and comprehensive silicon to systems design solutions, from electronic design automation to silicon IP and systems, that accelerate technology innovation.

We partner closely with semiconductor and systems customers across a wide range of vertical markets to maximize their R&D capability and productivity, powering innovation today that ignites the ingenuity of tomorrow.

In a world where the pace and complexity of innovation is accelerating, the entire silicon ecosystem trusts Synopsys to pioneer new technologies and help them get to market faster without compromise.
